

BKCASE Viewpoints on the Guide to the SEBoK and GRCSE

Moderator:

David Olwell

David Olwell

Naval Postgraduate School, USA

Dr. Olwell is Professor and immediate past chair of the Department of Systems Engineering at the Naval Postgraduate School. He is a Fellow of the American Council on Education, a WASC evaluator, an ABET evaluator, and an alternate member for the ABET Board of Directors.

Dr. Olwell is co-principal investigator in the Body of Knowledge and Curriculum to Advance Systems Engineering (BKCASE) project, and was co-editor of the Systems Engineering Body of Knowledge and the Graduate Reference Curriculum for Systems Engineering. He was the principal investigator in a major multi-year project to improve modeling and simulation education in the Department of Defense.

Dr. Olwell's research areas are in reliability engineering and statistical process control. He is the author of three textbooks and a research monograph, and co-edited **Statistical Methods in Counter-terrorism** (Springer, 2006).

Dr. Olwell earned a Bachelor of Science Degree (with distinction) from the United States Military Academy. His graduate education includes two master's degrees (Mathematics and Statistics) and a doctoral degree in Statistics from the University of Minnesota.
