Brian Wells

Brian Wells
Raytheon, USA

Brian Wells is vice president, Corporate Engineering for Raytheon. He oversees the development of engineering processes, tools and practices, enabling collaboration across the company to support Raytheon's growth strategy.

He has been with Raytheon for 35 years and has held numerous technical and management positions in functional line organizations and within program offices.

Brian received the Raytheon CEO Award in 2009, the Raytheon Excellence in Engineering Technology Award twice and the National Defense Industrial Association Lt. General Thomas R. Ferguson award in 2009 for Individual Leadership in Systems Engineering. He holds a Bachelor's degree in Electrical Engineering from Bucknell University and a Master's degree in Electrical Engineering from the University of Illinois. He is a member of the American Institute of Aeronautics and Astronautics (AIAA), Institute of Electrical and Electronics Engineers (IEEE), International Council on Systems Engineering (INCOSE), and the National Defense Industrial Association (NDIA).

Charles Dickerson, Loughborough University, UK
